

Accreditation and Patient Care Why it Matters

Midwest Dental Sleep Center has earned accreditation through the American Academy of Dental Sleep Medicine. Accredited facilities are recognized for proficiency, professionalism and procedural excellence regarding the treatment of patients with Obstructive Sleep Apnea.

In-Network Coverage

We work with insurance companies, unions and managed care plans. We check your benefits and provide you with your out-of-pocket expense at the consultation appointment.

Your Custom Solution

At Midwest Dental Sleep Center, our sole mission is to treat sleep related breathing disorders including Obstructive Sleep Apnea and Snoring.

Trusted by Sleep Physicians for years, Midwest Dental Sleep Center has successfully treated thousands of patients. Rest assured, our team will help you select the oral appliance that is right for you.

America's Largest Provider of Custom Oral Appliances

Midwest Dental Sleep Center has multiple locations within the Chicago-land area and each clinic is directed by a Diplomate of the American Board of Dental Sleep Medicine.

With a combined 75 years of experience, our dentists have an acute understanding of patient care. We believe in a multi-disciplinary approach, collaborating with our patient's team of medical professionals.

"Your practice is truly amazing! Your staff is top notch and your appliance has changed my life."

Lisa M. - Illinois

Is Oral Appliance Therapy Right for Me?

The American Academy of Sleep Medicine recommends oral appliance therapy for patients that suffer from mild to moderate Obstructive Sleep Apnea, or for patients that are intolerant of a Positive Airway Pressure device. The oral appliance is discreet, comfortable and effective. If you're in need of a proven, easy to use treatment option, then call to schedule an appointment today.
